- Each link governor named above is accountable to the Full Governing Board for their named area of responsibility. This may report via a committee rather than directly into the Board for ease of operation and allowing for delegated authority to committees.
- In a few critical areas, there is both a lead governor (L) for an area and a second named individual. The lead governor is accountable for the area. The second link governor should be involved and engaged in all activity, but acts more as a sounding board and to ensure someone else is up to speed on that area.
